

# SMART PARKING

## Benefits of Smart Parking Solution for your business

### INCREASED EFFICIENCY

- Optimising the use of parking spaces
- Reducing the amount of time looking for a spot
- Reducing traffic congestion
- Improving the overall flow of vehicles

### INCREASED REVENUE

- Managing parking spaces more effectively
- Including: setting dynamic pricing, creating reserved parking spots, tracking occupancy and revenue in real time

### ENHANCED CUSTOMER EXPERIENCE

- Touchless identification
- Online payment
- Self-service kiosks
- Car Searching System
- Saving time and money

### IMPROVED SECURITY

- Monitoring and controlling access to parking areas
- Real-time information about the location and status of vehicles
- Detering theft, vandalism, and other criminal activity

### ANALYTICS AND DATA COLLECTION

- Making data-driven decisions about parking management, pricing, and infrastructure improvements
